## Celebrating Success in VCE 2019

### Congratulations to our 2019 VCE students!

The hard work and dedication of Lowther Hall students and teachers alike have culminated in an excellent set of VCE results for 2019.

21 percent of the Year 12 cohort scored an ATAR (Australian Tertiary Entrance Rank) of 95 or above, placing them in the top 5 percent of the nation. 28 percent of ATARs were 90 or more.

Scores of 45 or higher were seen in 11 different Studies and 25 percent of the subject cohort achieved scores of 40 or more across 10 subject areas.

This is reflective of the fact that Lowther Hall remains a school which values a breadth of academic experience and encourages girls to pursue their own strengths and interests.

Nowhere was this more evident than in our four top scoring students with ATAR scores of 99 or higher, who between them studied 14 different subjects and pursued a wide variety of cocurricular pursuits. It is of particular note that both our 2019 School Captain and Deputy School Captain were two of these high achievers.

I commend each girl who has applied herself to achieve her very best and note also the girls who have managed to successfully navigate the VCE journey through times of personal challenge.

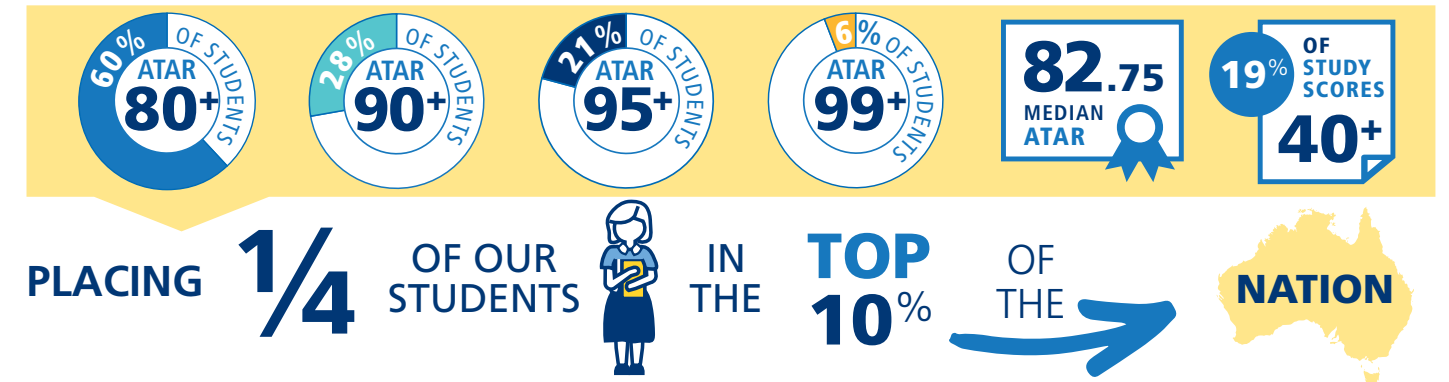

Well done to all!

### In Summary

The ATAR scores achieved by the Class of 2019 are outstanding with half the cohort being ranked in the top 20 percent of the nation and more than 28 percent of the girls being placed in the top 10 percent nationally!
